

STRESSECHO 2030 DAY

Program - January 18, 2023

h 2:30 pm - 5:00 pm Pisa, Italy (CET; Central European Time) - h 7:30 am - 10:00 am Rochester, USA7

Chairpersons: Quirino Ciampi, Patricia A. Pellikka, Eugenio Picano

| TIME, Pisa, Italy | Session: WELCOME TO SE2030 | TIME, Rochester, USA |
|---|--|----------------------|
| 2:30 PM | M. Pepi/S. Carerj Welcome from the Presidents of the Italian Society of Echocardiography and Cardiovascular Imaging | 07:30 AM |
| Session: STATE OF RECRUITMENT | | |
| 2:35 PM | Q. Ciampi Stress Echo 2030: Preliminary Results and initial recruitment | 7:35 AM |
| Session: WHAT'S NEW IN 2022 | | |
| 2:40 PM | M.G. D'Alfonso Asymptomatic aortic stenosis and B-Lines (step B) during exercise stress echo | 7:40 AM |
| 2:45 PM | Q. Ciampi Left ventricular contractile reserve (step C) and coronary flow reserve in dilated cardiomyopathy | 7:45 AM |
| 2:50 PM | L. Cortigiani STEP d (resting flow velocity) and D (stress flow velocity) in diabetics and non-diabetics | 7:50 AM |
| 2:55 PM | P. Colonna ABCDE+ in athletes | 7:55 AM |
| 3:00 PM | K. Wierzbowska-Drabik Left atrium (step L) during stress | 8:00 AM |
| 3:05 PM | A. D'Andrea ABCDE+ in post COVID-19 | 8:05 AM |
| 3:10 PM | A. Kizielka AI-SEE project (artificial intelligence for 4-chamber volumetric echocardiography and wall motion) | 8:10 AM |
| 3:15 PM | A. Barbieri SE in clinically defined subsets | 8:15 AM |
| Session: Q&A (Questions and Answers) | | |
| 3:20 PM - 3:45 PM | All Questions and Answers | 8:20 AM - 8:45 AM |
| Session: FAQ (Frequently Asked Question) | | |
| 3:45 PM | Y. Bartolacelli REDCap platform for data archiving and data extraction. How it works | 8:45 AM |
| 3:50 PM | N. Gaibazzi Contrast for stress echo 2030. Utilization rate and main applications | 8:50 AM |
| Session: FOCUS ON PROJECTS | | |
| 3:55 PM | E. D. Palinkas HCM: B-lines and resting coronary flow velocity | 8:55 AM |
| 4:00 PM | G.C. Kane/A.Varga SEDIA: diastolic stress echo with B-lines | 9:00 AM |
| 4:05 PM | H. Villarraga SERA: post-radiotherapy | 9:05 AM |
| 4:10 PM | S. Padang/C.M. Van De Heyning SEVA: valvular heart disease (primary MR, aortic regurgitation, mitral stenosis) | 9:10 AM |
| 4:15 PM | A. Zagatina/R. Citro SEMIR project: ischemic mitral regurgitation | 9:15 AM |
| 4:20 PM | A. Djordjevic-Dikic SESPASM project: the quest of coronary vasospasm in stress echo 2030 | 9:20 AM |
| Session: Q&A (Questions and Answers) | | |
| 4:25 PM - 4:50 PM | All Questions and Answers | 9:30 AM - 9:50 AM |
| Session: CONCLUSION | | |
| 4:50 PM | P.A. Pellikka The Mayo Vision | 9:50 AM |
| 4:55 PM | E. Picano The Pisa Vision and see you later-arrivederci | 9:55 AM |
